

Acklam Grange School

Careers Programme Overview 2022-23

Strategic Objective:

To ensure that all students make effective and ambitious decisions about the full range of options available to them at key transition points.

Milestones and Learning Outcomes

Year 11

By the end of Year 11 students will have researched the education, training, apprenticeship, employment and volunteering options available to them. They will have made their post 16 decision and had an offer of a place in education or training that will allow them to achieve their specific goals.

Year 10

By the end of Year 10 students will know how to research education, training, apprenticeship, employment and volunteering options available to them post 16. They will have the knowledge and understanding to identify the best progression pathways for their specific goals

Year 9

By the end of Year 9 students will know how to identify and explore the different options open to them and have the knowledge to make the right choices at key decision points. They will have begun to develop their understanding of business and industry.

Year 8

By the end of Year 8 students will have continued to build their knowledge of opportunities in the Tees Valley and explored a range of different jobs so that they have a wide understanding of the careers and opportunities open to them post 16

Year 7

By the end of Year 7 students will know about different careers sectors in the Tees Valley and will have explored a range of different jobs so that they have a wide understanding of the careers and opportunities open to them post 16

Inspiring and preparing young people for the world of work.
