Support for looked after and previously looked after children with SEND

Designated teacher: Natasha Pearson

Student welfare: Jane Pickering

Natasha Pearson and Jane Pickering work together to ensure that teachers understand how a looked after or previously looked after students' circumstances and their SEND might interact, and what the implications are for teaching and learning. Students who are looked after or previously looked after will be supported in much the same way as any other child with SEND. However, looked after students will also have a personal education plan (PEP). We will make sure that the PEP and any SEND support plan or EHC plans are consistent and complement one another.

Evaluation of Impact

The impact of the provision provided has been to improve the access to the curriculum all of students who have SEN. Carefully planned provision, including short term interventions implemented by school staff, together with expertise secured by school has ensured that all children with Special Educational Needs have been able to access areas of the curriculum that would not have otherwise been accessible for them.

Our 2024/25 Year 11 cohort with Special Educational Needs performed higher than the national average. Continuing to accelerate achievement across the curriculum for SEN students remains a Key Improvement Priority for 2025/26.
